Optilife Chiropractic LLC:

I hereby request and consent to the performance of chiropractic treatments (also known as chiropractic adjustments or chiropractic manipulative treatments) and any other associated procedures: physical examination, tests, diagnostic x-rays, physio therapy, physical medicine, physical therapy procedures, etc. on me by the doctor of chiropractic named above and/or other assistants and/or licensed practitioners.

I understand, as with any health care procedures, that there are certain complications, which may arise during chiropractic treatments. Those complications include but are not limited to: fractures, disc injuries, dislocations, muscle strain, Homers' syndrome, diaphragmatic paralysis, cervical myelopathy and costovertebral strains and separations. Some types of manipulation of the neck have been associated with injuries to the arteries in the neck leading to or contributing to complications including stroke.

I do not expect the doctor to be able to anticipate all risks and complications, and I wish to rely upon the doctor to exercise judgment during the course of the procedure(s) which the doctor feels at the time, based upon the facts then known, that are in my best interest.

I have had an opportunity to discuss the nature, purpose and risks of chiropractic treatments and other recommended procedures. I have had my questions answered to my satisfaction. I also understand that specific results are not guaranteed.

If there is any dispute about my care, I agree to a resolution by binding arbitration according to the American Arbitration Association guidelines.

I have read (or have had read to me) the above explanation of the chiropractic treatments. I state that I have been informed and weighed the risks involved in chiropractic treatment at this health care office. I have decided that it is in my best interest to receive chiropractic treatment. I hereby give my consent to that treatment. I intend for this consent to cover the entire course of treatment for my present condition(s) and for any future conditions(s) for which I seek treatment.

Notice of Privacy Practices
Effective September 23, 2013

THIS NOTICE DESCRIBES HOW MEDICAL INFORMATION ABOUT YOU MAY BE USED AND DISCLOSED AND HOW YOU CAN GET ACCESS TO THAT INFORMATION. PLEASE REVIEW THIS NOTICE CAREFULLY.

The Practice (the "Practice"), in accordance with the Health Insurance Portability and Accountability Act (HIPAA) Privacy Rule, (the "Privacy Rule") and applicable state law, is committed to protecting the privacy of your protected health information ("PHI"). PHI includes information about your health condition and the care and treatment you receive from the Practice. The Practice understands that information about your health is personal. This Notice explains how your PHI may be used and disclosed to third parties. This Notice also details your rights regarding your PHI. The Practice is required by law to maintain the privacy of your PHI and to provide you with this Privacy Notice detailing the Practice's legal duties and practices with respect to your PHI. The Practice is obligated to notify you promptly if a breach occurs that may have compromised the privacy and security of your PHI. The Practice is also required by law to abide by the terms of this Notice.

HOW THE PRACTICE MAY USE AND DISCLOSE YOUR PROTECTED HEALTH INFORMATION

The Practice, in accordance with this Notice and without asking for your express consent or authorization, may use and disclose your PHI for the purposes of:

For Treatment – We may use your PHI to provide you with treatment. We may disclose your PHI to doctors, nurses, technicians, clinicians, medical students, hospitals and other health facilities involved in or consulting in your care. We may also disclose information about you to people outside the practice, such as other health care providers involved in providing treatment to you, and to people who may be involved in your care, such as family members, clergy, or others we use to provide services that are part of your care. If we refer you to another health care provider, we would, as part of the referral process share PHI information about you. For example, if you were referred to a specialist, we would contact the doctor's office and provide such information about you to them so that they could provide services to you.

For Payment – We may use and disclose your PHI so we can be paid for the services we provide to you. For example, we may need to give your insurance company information about the health care services we provided to you so your insurance company will pay us for those services or reimburse you for amounts you have paid. We also may need to provide your insurance company or a government program, such as Medicare or Medicaid, with information about your condition and the health care you need to receive prior approval or to determine whether your plan will cover the services.

For Health Care Operations – We may use and disclose your PHI for our own health care operations and the operations of other individuals or organizations involved in providing your care. This is necessary for us to operate and to make sure that our patients receive quality health care. For example, we may use information about you to review the services we provide and the performance of our employees in caring for you.

OTHER USE & DISCLOSURES THAT ARE REQUIRED OR PERMITTED BY LAW

The Practice may also use and disclose your PHI without your consent or authorization in the following instances:

Appointment Reminders -We may use and disclose your PHI to remind you by telephone or mail about appointments you have with us, annual exams, or to follow up on missed or cancelled appointments.

Individuals Involved in Your Care or Payment for Your Care – We may disclose to a family member, other relative, a close friend, or any other person identified by you certain limited PHI that is directly related to that person's involvement with your care or payment for your care. We may use or disclose your PHI to notify those persons of your location or general condition. This includes in the event of your death unless you have specifically instructed us otherwise. If you are unable to specifically agree or object, we may use our best judgment when communicating with your family and others.

Disaster Relief - We also may use or disclose your PHI to an authorized public or private entity to assist in disaster relief efforts. This will be done to coordinate information with those organizations in notifying a family member, other relative, close friend or other individual of your location and general condition.

De-identified Information – The Practice may use and disclose health information that may be related to your care but does not identify you and cannot be used to identify you.

Business Associate – The Practice may use and disclose PHI to one or more of its business associates if the Practice obtains satisfactory written assurance, in accordance with applicable law, that the business associate will

appropriately safeguard your PHI. A business associate is an entity that assists the Practice in undertaking some essential function, such as a billing company that assists the office in submitting claims for payment to insurance companies.

Personal Representative – The Practice may use and disclose PHI to a person who, under applicable law, has the authority to represent you in making decisions related to your health care.

Emergency Situations – The Practice may use and disclose PHI for the purpose of obtaining or rendering emergency treatment to you provided that the Practice attempts to obtain your Consent as soon as possible. The Practice may also use and disclose PHI to a public or private entity authorized by law or by its charter to assist in disaster relief efforts, for the purpose of coordinating your care with such entities in an emergency situation.

Victims of Abuse, Neglect or Domestic Violence – We may disclose your PHI to a government authority authorized by law to receive reports of abuse, neglect, or domestic violence, if we believe an adult or child is a victim of abuse, neglect, or domestic violence. This will occur to the extent the disclosure is (a) required by law, (b) agreed to by you, (c) authorized by law and we believe the disclosure is necessary to prevent serious harm, or, (d) if you are incapacitated and certain other conditions are met, a law enforcement or other public official represents that immediate enforcement activity depends on the disclosure.

Right to Revoke Authorization – You have the right to revoke any Authorization or consent you have given to the Practice, at any time. To request a revocation, you must submit a written request to the Practice's Privacy Officer.

Right to Request Restrictions – You have the right to request that we restrict the uses or disclosures of your information for treatment, payment or healthcare operations. You may also request that we limit the information we share about you with a relative or friend of yours. You also have the right to restrict disclosure of information to your commercial health insurance plan regarding services or products that you paid for in full, out-of-pocket, and we will abide by that request unless we are legally obligated to do otherwise.

We are not required to agree to any other requested restriction. If we agree, we will follow your request unless the information is needed to a) give you emergency treatment, b) report to the Department of Health and Human Services, or c) the disclosure is described in the "Uses and Disclosures That Are Required or Permitted by Law" section. To request a restriction, you must provide your request in writing to the Practice's Privacy Officer. Right to Inspect and Copy – You have the right to inspect and request copies of your information.

To inspect or copy your information, you may either complete an Authorization to Release/Obtain Information form or write a letter of request, stating the type of information to be released, the date(s) of service being requested, the purpose of the request, and whether you wish to review the record or receive copies of the requested information in your preferred format. You may be charged a fee for the cost of copying, mailing or other expenses related with your request.

We may deny your request to inspect and copy information in a few limited situations. If your request is denied, you may ask for our decision to be reviewed. The Practice will choose a licensed health care professional to review your request and the denial. The person conducting the review will not be the person who denied your request. We will comply with the outcome of that review.

Right to Amend – If you feel that your PHI is incorrect, you have the right to ask us to amend it, for as long as the information is maintained by us. To request an amendment, you must submit your request in writing to the Practice's Privacy Officer. You must provide a reason for the amendment.

We may deny your request for an amendment if it is not in writing or does not include a reason for wanting the amendment. We also may deny your request if the information: a) was not created by us, unless the person or entity that created the information is no longer available to amend the information, b) is not part of the information maintained by the

Practice, c) is not information that you would be permitted to inspect and copy or d) is accurate and complete.

If your request is granted the Practice will make the appropriate changes and inform you and others, as needed or required. If we deny your request, we will explain the denial in writing to you and explain any further steps you may wish to take.

Right to an Accounting of Disclosures – You have the right to request an accounting of disclosures. This is a list of certain disclosures we have made regarding your PHI. To request an accounting of disclosures, you must write to the Practice's Privacy Officer. Your request must state a time period for the disclosures. The time period may be for up to six years prior to the date on which you request the list, but may not include disclosures made before April 14, 2003.

There is no charge for the first list we provide to you in any 12-month period. For additional lists, we may charge you for the cost of providing the list. If there will be a charge, we will notify you of the cost in advance. You may withdraw or change your request to avoid or reduce the fee.

Certain types of disclosures are not included in such an accounting. These include disclosures made for treatment, payment or healthcare operations; disclosures made to you or for our facility directory; disclosures made with your authorization; disclosures for national security or intelligence purposes or to correctional institutions or law enforcement officials in some circumstances.
